** The company reserves the right to change the above dates, following relevant and timely notification amending the present, according to the Athens Exchange Regulation.*

About ElvalHalcor

ElvalHalcor is a leading global industrial producer of aluminium and copper products. The Company was formed in December 2017 via the merger of ELVAL and HALCOR. ElvalHalcor currently holds a leading position in Europe in the copper tubes sector, while also having established its leading position within the global aluminum rolling industry. The Company has over 80 years of experience and know-how, a strong production base across 17 state-of-the-art production plants and a market presence in over 100 countries. ElvalHalcor offers sustainable solutions and products in dynamically developing markets such as packaging, transportation, building and construction, heating, cooling and air conditioning and RES. ElvalHalcor's growth focuses on investing in technology and sustainable development, thereby creating value for its stakeholders. For more information about the Company, please visit the website www.elvalhalcor.com.
